

Public Input Meeting to be Held on the East Grand Forks 2045 Land Use Plan- The Grand Forks-East Grand Forks Metropolitan Planning Organization (MPO) and the City of East Grand Forks will hold a public open house meeting on September 16, 2015.

The City of East Grand Forks is updating its land use plan to help guide the community toward its vision for the future. The plan will help the community envision growth and redevelopment, improve quality of life, and make the best use of land within the flood protected area.

A draft 2045 land use plan and other draft plan materials will be presented and available for review and comment at this meeting. Join us to hear a brief presentation followed by an open house to review and provide input on the draft land use plan, draft development phasing plan, draft area concept plans, and other materials that will become part of the city's 2045 land use plan.
